With elegance and good-taste, our Drink Skirts are the perfect way to start off your event with some excitement (and some wine or bubbly)! Our dazzling costumed models inside the metal skirt creates a great photo opportunity as she serves libations of your choice. Or she can come out at the peak of the night for an amazing 'Wow Factor' moment your guests will love.

Living Tables

Living Tables are a glamorous and functional way to hand out wine, hor d'oeuvres, desserts, and more! Welcome your guests at the door with one of our charming living tables to make a dazzling first impression. There is no better way to kick off your event than to have our gliding ladies offer guests their first glass of your special reserve, new wine, or appetizer.

Serving Skirts

Beautifully costumed in custom made ensembles to match any theme, these skirts are great for serving little nibbles like chocolates and appetizers.

For example (see photo on right) we have this French Fromage Cheese Skirt-- who serves your guests cheese as an aristocratic mouse!
